DIGITAL LITERACY RESOURCES

August 2023

NALA Level 1 Using Technology Courses (nala.ie)

This is a level 1 course that will help you develop your skills in using technology in everyday life. Once you are finished the course you can print out a Certificate of completion from NALA. This video will guide you on how to get started.

Level 2 Using Technology Courses (nala.ie)

This is a level 2 course that will help you to recognise how technology is used in every day life. Once you are finished the course you can take an assessment to achieve a level 2 Minor Award Certificate in Using Technology from Quality and Qualifications Ireland (QQI). This video will guide you on how to get started.

To find out more about the QQI award see Award Specification for Level 2 Using Technology.
